Building Approval

NRTC will secure a building approval and occupancy permit in each of the following instances:

1. Prior to initial certification.
2. At the time of any major modification or alteration of any existing structure, unless the structure will no longer be in use.
3. As required by the Ohio Department of Commerce or from a county or municipal building department certified by the Department of Commerce to inspect and approve the building code use group applicable to the Center.

All building approvals and occupancy permits are secured from the Ohio Department of Commerce or from a county or municipal building department certified by the Department of Commerce to inspect and approve the building code use group applicable to the Center. NRTC maintains compliance with all local and state building codes and ordinances.

Building Accommodations

NRTC provides adequate space for youth, direct care staff, support staff, education services, administrative staff and contract agencies providers. NRTC is a 24 hour facility with rotating staff. NRTC does not provide sleeping accommodations for direct care staff. On the main floor, NRTC has four main wings, a center dining/activity area and staff control room, kitchen, and reception area. The four main wings include two living wings with four residential sleeping and living units, one education wing, and one administrative wing. Each wing has additional offices either assigned to support/contract staff, or extra meeting space. Storage and maintenance rooms can be located around the facility and kept secure at all times. Extra storage area is located in the basement. NRTC also has a large gym that is used for recreation, health, training, and large events. The outside area contains staff and visitor parking areas along with three gated green spaces for outside youth recreation. Three basketball courts can be found on the grounds.
